Dearest Mother & Daddy:

I haven't heard from you this week, and am wondering why? You mentioned that you got one card from Bert Sat. nite, and another one last Wed. . How about letting me in on the contents of the cards?? Think it will be too much trouble?

It snowed all day long today and last night, and the country is beautiful and cold. I am well now, and feeling fine. I went to take an exray for my sinus. This is being finished on the 30th, as I had some work to do last night, and then went to a dance.

It's cold here today, and I mean cold. When I got back from N.Y. Monday morning, everyone said they heard I got killed in a bus accident. I'm sending you the clipping.

Write soon!

Love,
Harold
